Quick Questions

What if my collection is missed?

If your collection is missed, please wait until the next working day to report it, and no later than within four days of your usual collection day.

Can I throw my recycling straight in the bin?

No, please empty any contents and wash it first. If your recycling is contaminated with food or other materials, we can't recycle it.

Can I leave large waste items on the pavement?

Not without arranging a special collection. Otherwise it's fly-tipping. **That's a criminal offence and you could be fined at least £400.**

Why recycle?

It protects the environment by saving natural resources and reducing carbon emissions.

At less than half the cost of sending waste to landfill, it saves money too.

What happens to my recycling?

We take it to a Materials Recovery Facility (MRF) where it's sorted into different materials. These are reprocessed and turned into new things. Food and garden waste is composted so it can be used as a fertiliser by farmers.
